

The Kali Yuga is Coming to an End (#4)

[Jac apparently answering a question from audience participant]

Jac: There was a time, Shiraz, when very few...when awakening was...was the privilege of a few, and that era is coming to an end. It will come back – it's all cyclical. But that age is coming, the Kali Yuga age, is coming to an end. And so awakening is, is, um, – on the internet, you know? It's freely...the steps are there. Whether...whether whether the steps will be taken or not, well, that's the flow that... But, but...and it's not that, 'Oh! We know how to do it'...so, so it will be possible.

It's more that the cycle of...of the Earth, of Manifestation is moving into that part of the wheel – totally cyclical – whereby awakening is very possible. It's not as difficult as it ...as it was said in the scriptures because the last time we were in the Kali Yuga age, I don't know if we've got any scriptures from those times. Not a whole lot. Do you see? So it's much more accessible, um, there's a wave of awakening, you know?

Participant: Thank you, that's very helpful, very helpful.

Jac: Yeah...it's just...it was a little loose piece. Yeah, yeah. It's not the privileged anymore. In a thousand years, you know, two thousand years, who knows? Who knows...in this manifestation...but ?

Participant: Um, yeah, because I mean, I do have....

Jac: Do you want to come up and talk? Sorry I just jumped into it, so...

Participant: Just one. Because I, I do have, um, some – you know, unexamined notions that you have to go through severe austerities – uh, to burn up some of the deep, deep, deep, deep things. Uh, and...and only few - few can do that.

Jac: Yes...yes...yes. And that's how it was for the last couple of thousand years. I don't know how long the Kali Yuga age was, but it's years and years now. I don't know if it's two thousand or eight thousand...I mean I'm that far out, like. But it's in the thousands.

(laughter)

Participant: Yeah. Yup. Yup.

Al [from audience]: Three thousand four hundred.

Jac: Hey, thank you! Three thousand four hundred. And what year does it finish, Al...do you know?

Al: I don't know. But it's suppose to be within..recently...not, uh, not hundreds of years but within a couple of years.

The Kali Yuga is Coming to an End (#4)

Jac: It's soon isn't it? Oh, really, Oh, wow.

Al: I think we're only a couple of years from the three thousand four hundred mark.

Jac: Ok...Ok...so

Female voice in audience: Maybe it's 2012 like in the Mayan calendar.

Al: I think so. The 2000...well, if not that, very closely.

Jac: I don't know. I don't buy the 2012 thing. It doesn't seem to sit anywhere in my understandings.

Al: But anyway, in this time period.

Jac: Ok, ok. So - so three thousand years...yeah it has been about, you know, spending twelve years with your Master before you get taught anything in advaita. You know? They were the structures. There's a quickening. And - and it's not because the world is going to resolve itself. It's not because the whole thing will all be enlightened... and, and...rubbish! It's just an expression, it's just a manifestation that's unfolding.

Participant: Yeah. But the fragrance is more widespread now, everywhere you go.

Jac: Yes. It is. It is.

Participant: Yeah. Yeah. And maybe it's not as difficult.

Jac: Oh not at all. It's not as difficult at all. Even the physiological alignment will be less than what it was for me and those...[gestures behind her shoulder] - you know. The physical...I've noticed that...that those who...who've, you know, awakened or discovered the truth - God the language is terrible! But, you know, where that realignment has taken place has been much gentler in my time, which was just three years ago or something. You know?

Participant: Yeah, yeah.

Jac: It's much gentler, it's like...it's hardly noticed. Whereas with me, there was rattling and shaking and dysfunction and silence and an inability to talk, and you know...full whammy, you know? Not being able to speak. Going around the place with an English dictionary to find out English words for things, because I....

Participant: See that's what I've heard. Those are the sort of things I've heard.

The Kali Yuga is Coming to an End (#4)

Jac: Oh yeah. Yeah. I was one of those. But it's actually not...it doesn't happen...

Participant: It's not necessary.

Jac: No! No.

Participant: But this is extraordinarily helpful for this being.

Jac: Yes, yes. There was something...yeah....good. Something was undone there. Okay...so *go for it!* Huh?

(laughter)

Participant: Yeah...yeah. [mumbling] ...maybe it's done.

Jac: And in the going for it you can't get it! Yeah, yeah. Yeah, it's just a concept. Just to shift, you know. But don't replace it with a concept that it's easy...it's just that that's how it was...point!

Participant: Yeah, yeah.

Jac: Rest. Rest at the source of the next thought, [makes smacking sound while quickly spreading hands] that's all! Okay.

Participant: Thank you.

Jac: No problem. It's just a loose end hanging around there. Welcome.

Female voice: Well, thank you.
