Awaken Me

Refrain Awaken Me (8x) **G D C D**

- G Am D**
1. From maya of mind, to rest deep in your arms
- G Am Em D**
To hold me in your gaze, to breathe in me always
2. Let me dissolve in you, the fullness of your love
Where nothing can exist, totality of bliss
3. Solely absorbed in you, beyond the heart and mind
Simplicity reveals the emptiness of life
